1. Necessity of the amendments and supplements to the Charter, Regulation on organization and operation of the BOD and Regulation on internal governance of Vietcombank

The current Charter of VCB was approved by the Extraordinary General Meeting of Shareholders on August 19, 2024, based on updates to new regulations under the Law on Credit institutions, and relevant legal documents. Accordingly, the VCB Charter is fundamentally in compliance with applicable laws, serving as an important foundation for the governance and management of the Bank's operations.

However, periodic reviews of the Charter are essential to ensure updates in line with legal regulations, practical requirements, and to enhance VCB's operational efficiency.

Additionally, the Regulation on organization and operation of the BOD and the Regulation on internal governance of Vietcombank contain multiple references to the Charter. Therefore, these Regulations also need to be reviewed simultaneously with the Charter to ensure consistency, comprehensiveness, and overall alignment.

2. Proposed Amendments and Supplements

Based on the provisions of the Law on Credit Institutions 2024, the BOD has conducted a review and proposed amendments and supplements to the Charter, the Regulation on the organization and operation of the BOD, and the Regulation of internal governance of Vietcombank.

Details of the proposed amendments and supplements to certain provisions of the Charter, the Regulations on the organization and operation of the BOD, and the Regulation on internal governance of Vietcombank, are provided in the Appendixes attached to this proposal.

The BOD respectfully submits to the General Meeting of Shareholders for consideration and approval of the following matters:
