2. Contents of disclosure:

On 08/10/2026, Saigon Telecommunication & Technologies Corporation received the License for Provision of Telecommunications Services Without Network Infrastructure No. 11042/GP-SKHCN issued by the Ho Chi Minh City Department of Science and Technology on October 08, 2026. On this basis, SAIGONTEL will finalize commercial agreements with SpaceX and Starlink Services Vietnam to distribute Starlink services in Vietnam.

This milestone lays the foundation for developing SaigonTel's enterprise connectivity platform, contributing to the construction of connectivity infrastructure to serve the growth needs of Vietnamese enterprises. The platform is being developed to combine satellite and terrestrial connectivity, network management, and technical support in Vietnam, serving enterprises in industrial parks, manufacturing, logistics, energy, construction, and maritime transportation.

Pursuant to Clause 6, Article 35 of the Government's Decree No. 163/2024/ND-CP dated December 24, 2024 detailing a number of articles and measures to implement the Law on Telecommunications, Saigon Telecommunication & Technologies Corporation (SAIGONTEL) announces some of the contents of the License for Provision of Telecommunications Services Without Network Infrastructure, specifically as follows:

a. Enterprise information:

- Enterprise name in Vietnamese: CÔNG TY CỔ PHẦN CÔNG NGHỆ - VIỄN THÔNG SÀI GÒN
- Foreign name: SAIGON TELECOMMUNICATION & TECHNOLOGIES CORPORATION
- Abbreviated name: SAIGONTEL CORP.
- Head office address: Lot 46, Quang Trung Software City, Trung My Tay Ward, Ho Chi Minh City

- Enterprise registration information: Enterprise Registration Certificate No. 0302615063 first issued by the Department of Finance on May 14, 2002; 18th amendment registered on September 23, 2025
- b. License information:
 - License number: 11042/GP-SKHCN
 - Date of issuance: First issued on 08/10/2026
 - Expiration date: From 08/10/2025 until 31/12/2030
- c. Type of services and scope of provision:
 - **On the satellite fixed public telecommunications network:** Leased line services for mobile transmitting and receiving stations and Internet access services; nationwide scope of provision.
 - **On the satellite mobile public telecommunications network:** Internet access services; scope of provision at sea nationwide.
 - **Communication scope:** Domestic and international.

The enterprise provides services in the form of resale and does not establish a public telecommunications network under this license; it is permitted to perform connection activities, lease transmission lines, and install equipment within the scope permitted by the license.

SAIGONTEL is committed to deploying telecommunications service provision activities strictly within the licensed scope, complying with legal regulations on telecommunications, ensuring service quality, information security, and the lawful rights and interests of service users.

DIRECTOR OF THE DEPARTMENT OF SCIENCE AND TECHNOLOGY

Pursuant to the Law on Telecommunications No. 24/2023/QH15;

Pursuant to the Government's Decree No. 163/2024/ND-CP dated December 24, 2024
detailing a number of articles and measures to implement the Law on Telecommunications;

Pursuant to the Government's Resolution No. 20/2026/NQ-CP dated April 29, 2026 on
decentralization, reduction, and simplification of administrative procedures and business
conditions under the state management scope of the Ministry of Science and Technology;

Pursuant to Decision No. 2527/QĐ-BKHCN dated May 21, 2026 of the Ministry of Science
and Technology announcing amended and supplemented administrative procedures in the
field of telecommunications and Internet under the state management function of the
Ministry of Science and Technology;

Pursuant to Decision No. 6516/QĐ-UBND dated October 02, 2026 of the Ho Chi Minh City
People's Committee on authorizing the Director of the Department of Science and
Technology to perform certain tasks under the authority of the City People's Committee in
the fields of posts, telecommunications - internet, and radio frequency within Ho Chi Minh
City;

Pursuant to Decision No. 08/2025/QĐ-UBND dated July 01, 2025 of the Ho Chi Minh City
People's Committee promulgating the regulation on functions, tasks, powers and
organizational structure of the Ho Chi Minh City Department of Science and Technology;

Considering the application and the Dossier requesting the issuance of a license to provide
telecommunications services without network infrastructure No. 05/SGT dated September

19, 2026 of Saigon Telecommunication & Technologies Corporation (hereinafter referred to as the Dossier);

At the proposal of the Head of the Post and Telecommunications Division in Submission No. 2822/PTr-BCVT dated October 08, 2026 regarding the issuance of the license to provide telecommunications services without network infrastructure.

HEREBY PERMITS

Article 1. Enterprise (written in capital letters): SAIGON TELECOMMUNICATION & TECHNOLOGIES CORPORATION

Transaction name: SAIGON TELECOMMUNICATION & TECHNOLOGIES CORPORATION

International transaction name: SAIGON TELECOMMUNICATION & TECHNOLOGIES CORPORATION

Abbreviation: SAIGONTEL CORP.

Head office address: Lot 46, Quang Trung Software Park, Trung My Tay Ward, Ho Chi Minh City.

Enterprise Registration Certificate No. 0302615063 issued by the Department of Finance for the first time on May 14, 2002; 18th amendment registration on September 23, 2025 (hereinafter referred to as the enterprise) is permitted to provide telecommunications services without network infrastructure according to the following provisions:

1. Type of telecommunications services and scope of service provision:

a) Type of telecommunications services:

The enterprise is permitted to provide the following telecommunications services on the satellite fixed public telecommunications network:

- + Basic telecommunications services: leased line services for mobile transmitting and receiving stations.
- + Value-added telecommunications services: Internet access services.

The enterprise is permitted to provide the following telecommunications services on the satellite mobile public telecommunications network:

- + Value-added telecommunications services: Internet access services.

b) Communication scope: domestic and international.

c) Scope of service provision:

The enterprise is permitted to provide telecommunications services on the satellite fixed public telecommunications network nationwide.

The enterprise is permitted to provide telecommunications services on the maritime satellite mobile public telecommunications network nationwide.

2. Method of service provision: resale.

3. Transmission lines and telecommunications connection: The enterprise has the right to build, install, and own telecommunications equipment systems and transmission lines within its facilities and public service points to provide telecommunications services to users; lease transmission lines to connect its telecommunications equipment systems, facilities, and public service points with each other and with the public telecommunications networks of other telecommunications enterprises; lease transmission lines or purchase traffic and telecommunications services of other telecommunications enterprises to resell to users; sublease the telecommunications infrastructure it has leased to other telecommunications enterprises if agreed by the telecommunications enterprise leasing the infrastructure. The telecommunications enterprise has the right to connect its telecommunications network with the networks and telecommunications services of other telecommunications enterprises; has the obligation to allow other telecommunications enterprises to connect to the equipment systems and telecommunications services provided under this License according to regulations on telecommunications connection management.

4. Telecommunications numbering resources: The enterprise is not allocated and shall not use codes, numbers, and signaling points according to the master plan and regulations on the management of telecommunications numbering resources.

5. Internet resources: The enterprise is not allocated and shall not use Internet resources according to the master plan and regulations on the management of Internet resources.

Article 2. In addition to the provisions in Article 1, the enterprise has the following responsibilities:

1. License implementation: Invest in and deploy the provision of telecommunications services according to the contents of this license in line with the telecommunications development strategies, master plans, and plans in Vietnam.

2. Telecommunications service prices and promotions: Implement regulations on the management of service prices and promotions in telecommunications and other relevant legal regulations.

3. Standards, technical regulations, and quality of telecommunications services: Comply with national standards and technical regulations in providing the licensed telecommunications services in accordance with the law and implement regulations on the management of telecommunications service quality.

4. Implement regulations on ensuring the safety of telecommunications infrastructure, cyber information safety, and information security; be subject to the control of competent

state agencies in ensuring the safety of telecommunications infrastructure and controlling and ensuring information security.

5. Perform tasks mobilized by the State in emergencies according to the provisions of law.

6. Implement the regime of periodical and unexpected reporting and statistics on the telecommunications operations of the enterprise in accordance with the law.

7. Implement measures to protect the lawful rights and interests of service users in accordance with the law.

8. Have a plan ready for technical connection to serve the reporting of data by electronic means to meet the requirements of state management of telecommunications as prescribed by the Minister of Science and Technology.

9. Announce the contents of this license in accordance with Clause 6, Article 35 of the Government's Decree No. 163/2024/ND-CP dated December 24, 2024 detailing a number of articles and measures to implement the Law on Telecommunications.

10. Pay in full and on time fees, charges, and financial contributions to the Vietnam Public Utility Telecommunications Service Fund in accordance with the law.

11. Be subject to inspection, examination, and administrative sanctions in accordance with the law.

12. Perform other rights and obligations as prescribed by law.

Article 3. This License takes effect from the date of signing./
