To: **- STATE SECURITIES COMMISSION OF VIETNAM**
- HO CHI MINH CITY STOCK EXCHANGE

- *Pursuant to Clause 4, Article 14 of Circular No. 96/2020/TT-BTC dated 16 November 2020 of the Ministry of Finance "Guiding the disclosure of information on the securities market".*

Chuong Duong Corporation would like to explain to the State Securities Commission of Vietnam and the Ho Chi Minh City Stock Exchange regarding the fluctuation in profit after tax in the combined financial statements of Chuong Duong Corporation for Q3 2026 compared with Q3 2025, as follows:

Profit after tax in the combined financial statements of Chuong Duong Corporation (CDC):

Unit: VND

Item	Year 2026 (Q3)	Year 2025 (Q3)	Difference	Increase / (Decrease) rate
(1)	(2)	(3)	(4)=(2)-(3)	(5=4/3)
Profit after CIT	3,937,607,742	7,471,181,167	(3,533,573,425)	-47.30%

Explanation:

Profit after corporate income tax (CIT) for Q3 2026 decreased by VND 3.534 billion compared with Q3 2025, equivalent to a decrease of 47.30%, mainly due to the following reasons:

- Net revenues from sales and services rendered in Q3 2026 reached VND 324.80 billion, up 6.45% (an increase of VND 19.67 billion) year-on-year. However, cost of goods sold increased by 9.13% (an increase of VND 25.75 billion), outpacing revenue growth, so gross profit reached only VND 17.04 billion, down VND 6.08 billion (a decrease of 26.31%); the gross profit margin declined from 7.58% to 5.25%. This was mainly attributable to the decline in revenue from trading activities (down 27.1%), while the corresponding cost of goods sold did not decrease proportionately (down 22.1%) year-on-year; the gross margin of trading activities fell from 6.7% to 0.2%, reflecting the general difficulties amid high market prices in recent times.

- Other profit decreased by VND 1.38 billion (from VND 1.84 billion to VND 0.46 billion), because in the same period last year the Company recorded a gain on disposal of

fixed assets of VND 1.89 billion. This decrease in other profit accounted for 39% of the change in profit after tax.

- In addition, general administrative expenses in Q3 2026 amounted to VND 5.92 billion, up VND 1.62 billion (an increase of 37.60%) year-on-year, mainly due to salary expenses as the Company strengthened its workforce, especially management-level personnel (total headcount of 128 employees as at 30 September 2026, compared with 121 employees as at 31 December 2025), to meet the needs of completed and ongoing projects.

- Meanwhile, several positive factors helped limit the decrease in profit: financial income reached VND 5.63 billion, up VND 1.16 billion (an increase of 26.08%); financial expenses decreased by VND 3.28 billion (a decrease of 21.05%), of which interest expenses decreased by VND 3.47 billion as the Company reduced its outstanding borrowings (total borrowings and finance lease liabilities decreased from VND 1,111.02 billion as at 1 January 2026 to VND 712.25 billion as at 30 September 2026).

Overall, profit after tax for Q3 2026 decreased year-on-year, mainly due to the narrowing gross profit margin and the increase in general administrative expenses. Chuong Duong Corporation is gradually improving its business performance and management scale in line with the Company's sustainable development orientation.

Chuong Duong Corporation hereby provides the above explanation and commits that the disclosed information is entirely true and accurate, and takes full responsibility for the disclosed contents.

Yours faithfully,

CHUONG DUONG CORPORATION
