6. Number of shares to be issued: 14,909,885 shares.

7. Total issuance value at par value: 149,098,850,000 VND.

8. Exercise ratio: 10% (100:10 – Shareholders owning 100 shares will receive 10 new shares).

9. Source of capital for issuance: Undistributed profit after tax as per the audited financial statements for the year 2025.

10. Handling of fractional shares: The number of shares issued as a dividend payment to each existing shareholder will be rounded down to the nearest whole number to ensure that the total number of shares distributed does not exceed the total number of shares issued. Any fractional shares (if any) will be cancelled, and the new charter capital will be registered based on the actual number of shares distributed.

Example: On the record date for determining the list of shareholders entitled to the rights, Shareholder A holds 101 shares. The number of dividend shares to be received is provisionally calculated as 101 x 10% = 10.1 new shares. According to the policy for handling fractional shares, Shareholder A will receive 10 shares, and the 0.1 fractional share will be cancelled.

11. Record date for the allocation of rights: **November 27, 2026**
