Easterns AHP Minerals Joint Stock Company (BMJ) was established through the equitization of the Mineral Exploitation Enterprise under Investment and Industrial Development Corporation – One Member Limited Liability Company (now Becamex Investment and Industrial Development Group). In 2009, BMJ was a public company approved by the State Securities Commission of Vietnam (SSC) and officially put BMJ shares into trading on the UPCoM market. BMJ's principal business activities focus on the production and trading of stone products.

According to BMJ's audited financial statements, total revenue in 2024 and 2025 was VND 535 billion and VND 619.9 billion respectively. Profit after tax recorded VND 48.5 billion and VND 94 billion respectively. At the end of Quarter 3/2026, BMJ's revenue reached over VND 538 billion, with the profit after tax of VND 75.7 billion.

At the listing decision ceremony, HOSE leadership representatives congratulated BMJ on its first trading session. As the market operator, HOSE will continue to accompany and support the Company in fulfilling the obligations of listed companies, particularly information disclosure obligations, as well as updating regulations and policies relating to the securities market.
