HCMC, August 14th, 2020Regarding: Result Explanation for
Audited Interim Separate Financial
Statements 2020**To:**
- **The State Securities Commission**
- **Ho Chi Minh Stock Exchange**According to our Business Performance in the first 6 months of 2020 of the Separate financial statements dated August 14th, 2020, the Company would like to clarify the changes as below:

Indicators	6m2020 (VND)	6m2019 (VND)	Up/Down (%)
Net revenue	4,876,851,581,726	3,350,189,143,843	46%
Profit after tax	95,541,232,625	61,750,591,662	55%

Reasons:

- In the first 6 months of 2020, net revenue reached VND 4,876bn, increasing 46% YoY. Profit after tax reached VND 95,5bn, advancing 55% YoY. This growth comes entirely from core business activities:

- Laptops and tablets: thanks to rising demand for studying and working from home during the COVID-19 pandemic and the trend of high-end products, net revenue boosted 67% over the same period.
- Mobile phones: net revenue increased 48% YoY thanks to the maintenance of Xiaomi's market share.
- Office equipment: due to the effect of Covid-19 pandemic, enterprises did cost cutting on office equipment, net revenue up 4% YoY.
- Consumer goods: net revenue up 5% due to the impact of Covid-19 pandemic, Digiworld Corporation temporarily delayed the deployment of new contracts.

Sincerely.
